#### ■ Quote from Koji Sakurai, Tokyo Marathon Foundation President/CEO

This year, the number of charity runner entrants has reached its capacity of 3,000 about a month earlier than the scheduled deadline. Also, we are delighted that capacity is filled for two consecutive years.

Your understanding and cooperation for our charity program, which started in 2011, is truly appreciated. Through the Tokyo Marathon event, we continue to promote the awareness of the recipient programs and work on the activities that can contribute to our society.

#### ■ Message from M Takashi, Tokyo Marathon 2017 Charity Ambassador for the Sports Legacy Program

One person's power seems small, but if many people come together, our power is great! I want to start the first step of this program. Donations are welcome until the end of next March. I hope many people contribute and spread the word about the Tokyo Marathon Foundation Sports Legacy Program! Thank you!
