

# VIRTUAL TOKYO MARATHON 2022

**Connect virtually with runners around the world!  
Virtual Tokyo Marathon 2022  
Entries will open on December 24 (Fri)!**

The Tokyo Marathon Foundation is pleased to announce the launch of the “Virtual Tokyo Marathon 2022” held between February 5 and March 5, 2022.

It is a month-long virtual event welcoming runners from all around the world. The activity can be recorded through a running app from anywhere, and anytime of the day. Not to mention, the targeted distance can be achieved cumulatively by adding on activities, which means there is no overwhelming stress to finish in one go. We hope all runners can join this event, to boost their daily runs or training to earn finisher certificates and more.

We request our media members to share this event and we thank you for your cooperation.
