About the RUN as ONE –Tokyo Marathon Program

As Tokyo being selected to host the 2020 Olympic and Paralympic Games, this program started with Tokyo Marathon 2015 to enhance the culture of running in Japan by uniting runners and race supporters all around. Following year in 2016, we established "Semi-Elite (Overseas)" category for superior athletes from outside of Japan, who meet the criteria set by Tokyo Marathon Foundation, to provide better participation opportunities. The Tokyo Marathon, a member of the Abbott World Marathon Majors (AbbottWMM), will continue to implement variety of initiatives to help develop the sport of running, allowing more runners from Japan and overseas to experience a world-class race.
